

Announcement to GM students – the subject Anatomy 1

Dear students,

Retake theoretical and practical tests for students who did not meet conditions to get the credit from the subject Anatomy 1

will be held at the Department of Anatomy on **21.08.2024** at:

- **9:00 a.m. – Test from Upper limb**
- **10:00 a.m. – Test from Lower limb**
- **11:00 a.m. – Test from Thorax (incl. Respiratory and Digestive system)**

The theoretical test from the corresponding topic of Anatomy 1 will consist of: **40 questions, 4 options/ 1 correct answer. Time limit 25 min.**

Student has to obtain at least 24 points (60%) to pass the test successfully.

After finishing the theoretical test **students who did not meet the conditions of the practical test on the corresponding topic** will take the practical test in the dissection room.

The practical test will consist of: **20 structures (30 s./ 1 structure). Time limit 10 min.**

Student has to obtain at least 12 points (60%) to pass the test successfully.

Students may come without registration in the AiS !!!

Prof. Ingrid Hodorová, MD., PhD.
Head of Department of Anatomy

Announcement to GM students – the subject Anatomy 2

Dear students,

Retake theoretical and practical tests for students who did not meet conditions of registration for the final exam from the subject Anatomy

will be held at the Department of Anatomy on **19.08.2024** at:

- **9:00 a.m. – Test from Abdomen and pelvis** (except for organs of Digestive system)
- **10:00 a.m. – Test from Head and neck**
- **11:00 a.m. – Test from CNS**

The time of tests can be changed. Follow the MS Teams!

The theoretical test from the corresponding topic of Anatomy 2 will consist of: **40 questions, 4 options/ 1 correct answer. Time limit 25 min.**

Student has to obtain at least 24 points (60%) to pass the test successfully.

After finishing the theoretical test **students who did not meet conditions of the practical test on the corresponding topic** will take the practical test in the dissection room.

The practical test will consist of: **20 structures (30 s./ 1 structure). Time limit 10 min.**

Student has to obtain at least 12 points (60%) to pass the test successfully.
