

The student has 2 options for completing the internship within the subject Paediatrics 3 (5 weeks):

a) the first 3 weeks (from the first day of the block) in the selected hospital, **2 weeks** at the Department of Paediatrics and Adolescent Medicine, Šafárik University, Faculty of Medicine and Children's University Hospital Košice

b) the entire 5 weeks at the Department of Paediatrics and Adolescent Medicine, Šafárik University, Faculty of Medicine and Children's University Hospital Košice

The practical exam for the subject Paediatrics 3 is always conducted at the Department of Paediatrics and Adolescent Medicine, Šafárik University, Faculty of Medicine and Children's University Hospital Košice

Procedure in the case of option a):

1. Submit the application "Application for permission for pre-state internship (6th year) <https://www.upjs.sk/lekarska-fakulta/en/current-students/doctoral-studies/forms/>. The request can only be sent by e-mail to prof. dr. László Lajos Barkai laszlo.lajos.barkai@upjs.sk no later than 3 weeks before the start of the relevant block of Paediatrics 3, in which the student is enrolled according to the current schedule.
2. Only correctly and completely completed applications (full name of the department and hospital) will be considered.
3. After receiving the approval of the application from the Department of Paediatrics and Adolescent Medicine, Šafárik University, Faculty of Medicine and Children's University Hospital Košice, the student contacts the department of the selected hospital. The approval for completion of the pre-state internship must be confirmed by the selected hospital in which the internship will be carried out and have to be sent to the study department (no official application form available).
4. **BOTH APPROVED APPLICATIONS MUST BE SUBMITTED TO THE STUDY DEPARTMENT of Šafárik University, Faculty of Medicine**
