

Defended dissertations

Field of study (FS): *General medicine, III. degree of study*

Study program (SP): *Epidemiology*

Title: **A prospective study of monitoring the dynamics of the humoral immune response After overcoming SARS-CoV-2 infection**Doktorand: MVDr. Simona Sonderlichová

Study program: Epidemiology

Form of study: external (2019 – 2023)

Supervisor: doc. MUDr. Ján Fedačko, PhD.

Defense date: 24.6.2024

Title: **Use of molecular methods in mapping the epidemiological situation selected infectious diseases**

Doctoral student: Mgr. Maria Logoida Study program: Epidemiology

Form of study: internal (2018 – 2022)

Supervisor: Prof. MVDr. Monika Halánová, PhD.

Defense date: 31. August 2022

Title: **Epidemiology of hepatitis E: a cross-sectional serological and virological study**

Doctoral student: MUDr. Karin Kaliariková

Study program: Epidemiology

Form of study: external (2016 – 2021) – interrupted study

Supervisor: Prof. MVDr. Monika Halánová, PhD.

Defense date: 31. August 2022

Title: **Epidemiological study of microbial smears from mouthguards in athletes**

Doctoral student: MDDr. Zuzana Schwartzová

Study program: Epidemiology

Form of study: part-time (2018 – 2022)

Supervisor: Prof. MVDr. Monika Halánová, PhD.

Defense date: 31. August 2022

Title: **Endoparasitic infections in immunocompromised patients with oncological disease.**

Doctoral student: MVDr. Veronika Bednárová

Field of study: 7.1.5 Epidemiology Form of study: internal (2016 – 2020)

Supervisor: prof. MVDr. Peter Juriš, CSc.

Defense date: 25. August 2020

Field of study (FS): **Public health, III. degree of study**

Study programme: **Public health**

Title: Epidemiological aspects of bartonellosis and determination of incidence risk in humans.

Doctoral student: Mgr. Katarína Petříková

Field of study: 7.4.2 Public health

Study program: Public health

Form of study: internal (2016 – 2022)

Supervisor: Prof. MVDr. Monika Halánová, PhD.

Defense date: 31. August 2022

Title: Biomedical and behavioral aspects of functional status and quality of life in patients with multiple sclerosis.

Doctoral student: MUDr. Miriam Polanová

Field of study: 7.4.2 Public health

Form of study: external (2014 – 2019)

Supervisor: prof. MVDr. Lýdia Čisláková, CSc.

Defense date: 31. August 2017

Title: DNA analysis and genotypic spectrum of chlamydial pathogens in humans.

Doctoral student: Mgr. Lenka Čechová

Field of study: 7.4.2 Public health

Form of study: internal (2013 – 2017)

Supervisor: Doc. MVDr. Monika Halánová, PhD., mim. prof.

Defense date: 31. August 2017

Title: Associations between general health, mental health problems, nutritional status and level of overall physical activity in Slovak adolescents living in cities.

Doctoral student: Mgr. Markéta Lachytová

Field of study: 7.4.2 Public health

Form of study: internal (2010 – 2017)

Supervisor: Doc. MVDr. Monika Halánová, PhD., mim. prof.

Defense date: 25. May 2017
