

# Cassovia New Industry Cluster & ZEISS

presentation of imaging technologies for future cooperation

MAY 10, 2022 | 11,30 | P08  
CIB, Faculty of Science UPJŠ  
Košice, Slovakia

- 11,30 Opening  
Andrej Mazan (ZEISS), Pavol Miškovský (CNIC)
- 12,00 Life Science: The latest new approaches for Light microscopy and LSM Laser scanning microscopy, lightsheet, superresolution technique in gentle live cell Imaging  
Pavel Krist
- 13,00 Lunch break
- 14,00 Life Science: Bio SEM and cryo workflow, 3D SEM tomography and correlative microscopy  
Joerg Lindenau
- 15,00 Coffee break
- 15,15 Material Science: Light microscopy/Crossbeam FE-SEM with FIB-SEM/High Resolution 3D X-ray Microscopy and Computed Tomography/MultiSEM up to 91 parallel electron beams and multimodal correlative approach of ZEISS imaging capability  
Antonio Casares
- 16,15 Discussion/conclusions

Topics covered in the SCHOOL OF BIOPHOTONICS 2022  
9 - 11 MAY 2022

CASSOVIA  
NEW INDUSTRY  
CLUSTER

Seeing beyond

CENTER FOR  
INTERDISCIPLINARY  
BIOSCIENCES
