An International Journal devoted to the
Physics and Chemistry of Biological Phenomena

<http://www.journals.elsevier.com/biophysical-chemistry/>

ELSEVIER

Aims and Scope of the Journal

Biophysical Chemistry publishes original work and reviews in the areas of chemistry and physics directly impacting biological phenomena. Quantitative analysis of the properties of biological macromolecules, biologically active molecules, macromolecular assemblies and cell components in terms of kinetics, thermodynamics, spatio-temporal organization, NMR and X-ray structural biology, as well as single-molecule detection represent a major focus of the journal. Theoretical and computational treatments of bio-macromolecular systems, macromolecular interactions, regulatory control and systems biology are also of interest to the journal.

Publication information: *Biophysical Chemistry* (ISSN 0301-4622). For 2021, volumes 268–279 (12 monthly publications) are scheduled for publication. Subscription prices are available upon request from the Publisher or from the Elsevier Customer Service Department nearest you or from this journal's website (<http://www.elsevier.com/locate/biophyschem>). Further information is available on this journal and other Elsevier products through Elsevier's website (<http://www.elsevier.com>). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of the date of dispatch.

Language (usage and editing services)

Please write your text in good English (American or British usage is accepted, but not a mixture of these). Authors who feel their English language manuscript may require editing to eliminate possible grammatical or spelling errors and to conform to correct scientific English may wish to use the English Language Editing service available from Elsevier's WebShop <http://webshop.elsevier.com/languageediting/> or visit our customer support site <http://service.elsevier.com> for more information.

Illustration services

Elsevier's WebShop (<http://webshop.elsevier.com/illustrationservices/>) offers Illustration Services to authors preparing to submit a manuscript but concerned about the quality of the images accompanying their article. Elsevier's expert illustrators can produce scientific, technical and medical-style images, as well as a full range of charts, tables and graphs. Image 'polishing' is also available, where our illustrators take your image(s) and improve them to a professional standard. Please visit the website to find out more.

Advertising information: If you are interested in advertising or other commercial opportunities please e-mail commercialsales@elsevier.com and your inquiry will be passed to the correct person who will respond to you within 48 hours.
